Chapter 1

Groups of Order $3^8 \cdot 2$

1.1 Overview

This package gives access to all of the groups of order $3^8 \cdot 2$ through the small groups library. Once the package is loaded the groups of order $3^8 \cdot 2$ may be accessed via `SmallGroups(3^8*2,n)`.

1.2 Generation

TODO: Describe how these groups were created

1.3 Ordering

TODO: Describe the ordering of these groups
