Chapter 1

Groups of Order 3^8*2

1.1 Overview

This package gives access to all of the groups of order 3^8*2 through the small groups library. Once the package is loaded the groups of order 3^8*2 may be accessed via `SmallGroups(3^8*2,n)`.

1.2 Generation

TODO: Describe how these groups were created

1.3 Ordering

TODO: Describe the ordering of these groups
